

**2<sup>nd</sup> Certification Decision**  
**Surveillance Audit**  
**DIN EN ISO/ TS16949 :2009**

Date: 15.-18.12.2009  
Company: FRANTZ ELECTROLYSE  
Client-No.: 2265  
Auditors: Fadil Nimanbeg

To maintain the validity of the certificate according to ISO/TS16949:2002 a yearly surveillance visit is mandatory. It should be verified whether the quality management system is still working.

The report of the lead auditor showed that the quality management system is still in place and working.

**Therefore the certificate no. 08041 is valid till the next surveillance audit.**
